

Fuel your Expectations

PCS is known as a leading manufacturer and distributor of crane products and solutions for the petrochemical industry.

We contribute to the oil and gas industry by means of:

- 🔧 EX equipment;
- 🔧 Environmentally friendly;
- 🔧 Engineered solutions.

PCS has vast experience in providing cost effective, long term solutions for refineries, oil rigs and chemical plants etc.

We pride ourselves on making their operations a success.

Our products are tested to industry and governmental standards such as ATEC, CE and SABS

PCS is known to provide a variety of performance-enhancing solutions in the petrochemical industry that revolves around:

- 🔧 Zone / classified remotes
- 🔧 Explosion and spark proof options in wire rope and chain hoists
- 🔧 Insulated bottom blocks
- 🔧 Offshore and land-based products

Because of the rapid growth of the petrochemical, oil, chemical, and energy source industries, we maintain a strict regimen of training on all types of lifting equipment.
